# Visitation Frequently Asked Questions

Please refer to WCF Visitation Handbook and TDOC Policy 507.01 Visitation.

## Who can visit?

Every visitor, regardless of age, shall have an approved visitation application on file. All visitors who are currently on approved lists but do not have visitor applications on file, shall submit an updated application within 6 months of the effective date of this policy.

## How do I get approved for visitation?

All immediate family members who apply and eight additional adults may be approved to visit an inmate upon receipt of Visitor Application, CR-2152. The inmate is responsible for advising the visitors of the status (approval/disapproval) of all applications. This information is confidential and will not be given out to pre-approved visitors over the telephone by the visitation department.

## How do minors get approved to visit?

Every visitor, regardless of age, shall have an approved visitation application on file. All visitors who are currently on approved lists but do not have visitor applications on file, shall submit an updated application within 6 months of the effective date of this policy.

Children age six and older shall have a photograph (not a photocopy) attached to their visitor application. These photographs will be updated at ages 10, 14, and 18. Updated photographs may be requested more frequently if there have been significant changes in the child's appearance.

Children under 18 years of age may visit provided they are accompanied by their parent, legal guardian, or guardian who is also on the inmate's approved visiting list. Identification is not required for children under the age of 16 years: however, a CR-2152 with a recent picture must be on file.

The custodial parent or legal guardian must provide a completed and notarized Parental Consent/Release for Minor's Visitation Form (CR-2152, page 2), which designates permission for the assigned visitors (as guardians) to accompany the child to visit and consent for the child to be searched.

## How long does the application process take?

It takes approximately 30 days to process an application from the date it is received.

## How will I know if I've been approved?

The inmate is responsible for advising the visitors of the status (approval/disapproval) of all applications. This information is confidential and will not be given out to pre-approved visitors over the telephone by the visitation department.

## **What are the days and times of visitation?**

Each month the last names beginning with letters: A-L, X, Y, Z, and M-W will alternate.

Visitation for general population inmates is on Saturday, Sunday, Monday evenings, and designated State Holidays. Scheduled visitation hours will be posted and provided to the inmate population through the in-house TV channel.

## **How long can I visit?**

The length of the visit will depend upon the current schedules and space availability. Should overcrowding occur, visitors who are first that day may be asked to leave to allow for others to visit. When overcrowding occurs, visitors shall be required to remain in the lobby until space is available in the visiting area.

## **Where do I park when I arrive at the facility?**

Visitors may be required to park vehicles in designated parking areas on the institutional lot. All vehicles must be fully locked and secured (windows rolled up, etc.). In the event a visitor vehicle is found to be unsecured, that visitor will be instructed to leave the visiting area and the visit will be terminated for the remainder of the day.

## **Will I be searched?**

**All visitors will clear a metal detector.**

From time to time the institution shall perform a search of all vehicles entering the property. Drug K-9 dogs may be used during these searches. All persons shall be responsible for any contraband items found in their vehicles. In the event contraband is found, local and State law enforcement officials may issue written citations, make arrests or confiscate visitors' vehicles and belongings. It is illegal to possess the following on prison property: alcoholic beverages, drugs, any type of medication that cannot be readily identified by being in original containers or producing a prescription, and weapons of any type (firearms, ammunition, knives, etc.). Visitors with hand gun permits will not be allowed to carry or possess a firearm on facility grounds. Possession of any of these items is a violation of TCA 39-16-201, introduction of contraband in to a penal facility, and could lead to an arrest. The Warden may limit visits to non-contact status based upon good cause to believe that the visitor is involved in plans to introduce contraband into the facility.
