SUMMARY OF AUDIT FINDINGS

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Number of standards exceeded:

2	<ul style="list-style-type: none"> • 115.211 - Zero tolerance of sexual abuse and sexual harassment; PREA coordinator • 115.288 - Data review for corrective action

Outreach

10. Did you attempt to communicate with community-based organization(s) or victim advocates who provide services to this facility and/or who may have insight into relevant conditions in the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
--	--

a. Identify the community-based organization(s) or victim advocates with whom you communicated:

The Executive Director of the Center was contacted on 11/2/22 to confirm and review the terms of the MOU. The Center for Sexual Assault Survivors provide emotional support services to the residents of the James River Residential Reentry Center. The services include individual and group counseling, legal advocacy and a 24/7 support hotline. Calls to the hotline are answered by staff advocates, counselors or volunteers. Advocates provide victim advocacy services to accompany a victim through the forensic exam process. Because of COVID restrictions, advocates have not been allowed, but consideration is being given to once again allow advocates to be present. Besides the Director, the Center for Sexual Assault Survivors staff includes an Advocate, two Counselors, a Program Manager, and a Volunteer Coordinator. Volunteers receive 40 hours of training annually. Callers are informed of the limits of confidentiality and the agency's duty to report as mandatory reporters if an incident involves a child or an elderly adult. If a resident calls the hotline and reports sexual abuse that alleged to have occurred at the James River facility, at a previous facility or in the community, the caller would be encouraged to report this information to the facility or to law enforcement. The Center offers short-term follow-up services either over the phone or they may come to the Center. If long-term services are required, referrals are made to community psychiatrists, counselors or medical facilities.

<p>Targeted Inmate/Resident/Detainee Interviews</p>	
<p>58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</p>	<p>9</p>

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

<p>60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>1</p>

<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>The Facility Director/PREA Compliance Manager provided a list of residents with special designations assigned to the facility on the first day of the audit.</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

84. Did you have access to all areas of the facility?

Yes

No

Was the site review an active, inquiring process that included the following:

85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?

Yes

No

86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?

Yes

No

87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?

Yes

No

88. Informal conversations with staff during the site review (encouraged, not required)?	<input checked="" type="radio"/> Yes <input type="radio"/> No
---	--

89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).	It was noted during the site review in one of the resident rooms (Room 9) there was a small alcove to the right of the room where there was a bunk bed. It was recommended a mirror be installed to the left of the alcove to provide a visual of this area. During the Post-Onsite Audit Phase, a mirror was installed in that room as recommended and the Facility Director provided pictures of the installed mirror.
---	--

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?	<input checked="" type="radio"/> Yes <input type="radio"/> No
---	--

91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

I selected and reviewed eight employee human resource files. It was determined that employees are not completing the *Self-Declaration of Sexual Abuse/Sexual Harassment* (14-2H CC) form annually as required. The facility did not meet compliance to provision 115.217 and entered into a corrective action period. (see the narrative of standard 115.217 for details). The training records of the same eight employee files were reviewed to determine compliance to the requirements of PREA training for employees. The majority of records reviewed did not have the *PREA Training Acknowledgement* (14-2A-CC) form. The facility did not meet compliance to standard 115.231 and entered into a corrective action period (see the narrative of standard 115.231 for details).

I selected and reviewed four contractor files to determine compliance to the requirement of PREA training for contractors.

I selected and reviewed 15 resident records to determine compliance to the requirements of risk screenings. Eight of the residents whose length of stay at the facility was more than 30 days did not have 30-day reassessments. The facility did not meet compliance to standard 115.241 and entered into a corrective action period (see the narrative of standard 115.241 for details).

I selected and reviewed 15 resident records to determine compliance to the requirements of PREA education for residents. Ten of the records reviewed did not have *PREA Acknowledgement Zero Tolerance Acknowledgement for Offenders* (115.233) forms required to be signed upon completion of PREA training. Due to this finding, the facility entered into a corrective action period (see the narrative of standard 115.233 for details).

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

Staff-on-inmate sexual harassment	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted

115.211	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>115.211 (a) CoreCivic’s policy 14-2 CC, Sexual Abuse Prevention and Response, is the agency’s written plan mandating zero tolerance towards all forms of sexual abuse and sexual harassment and outlines the agency’s approach to preventing, detecting and responding to such conduct. Page 3 of the policy includes definitions of prohibited behaviors. Sexual activity between residents or employees, contractors and volunteers are strictly prohibited and subject to administrative and criminal disciplinary sanctions. CoreCivic’s policy 14-2 CC is comprehensive and clearly outlines the procedures to be followed to reduce and prevent sexual abuse and sexual harassment of residents. The policy addresses each standard as guidance to staff ensuring compliance to the PREA standards.</p> <p>115.211 (b): The agency employs a PREA Coordinator, who when interviewed at the beginning of this reaccreditation period reported that he has sufficient time and authority to develop, implement and oversee CoreCivic’s efforts to comply with the PREA standards. The agency’s organizational chart depicts the PREA Coordinator’s position within the agency. The PREA Coordinator oversees the agency’s efforts to comply with the PREA standards in all CoreCivic’s facilities. Page 2 of policy 14-2 CC outlines the responsibilities of the PREA Coordinator. When interviewed, the PREA Coordinator stated he has sufficient time and authority to oversee the agency’s PREA program. He is assisted by the Director, PREA Compliance and Investigation. He further stated, "At any given time there are approximately 57 PREA Compliance Managers, including those from Community Corrections. The PREA office consists of two individuals. I am the Senior Director and handle Audits and Compliance issues, including policy. A Director coordinates PREA investigations. We have quarterly training sessions with PREA Compliance Managers via Skype and travel to facilities for audits and training sessions. We are in contact with PREA Compliance Managers daily on investigations and audit issues."</p> <p>115.211 (c): CoreCivic operates 65 facilities, and each facility has a designated PREA Compliance Manager. The responsibilities of the PREA Compliance Manager are found on Page 2 of policy 14-2 CC. The Facility Director is designated as the PREA Compliance Manager. The PREA Compliance Manager answers to the CoreCivic's Managing Director and indirectly to the agency’s PREA Coordinator. When interviewed, the PREA Compliance Manager stated she feels she has sufficient time to manage her PREA-related responsibilities.</p>

115.212	Contracting with other entities for the confinement of residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	CoreCivic is a private provider and does not contract with other agencies for the confinement of its residents; therefore, this standard is not applicable to this facility.

115.213	Supervision and monitoring
	<p data-bbox="280 188 1007 224">Auditor Overall Determination: Meets Standard</p> <p data-bbox="280 264 580 300">Auditor Discussion</p> <p data-bbox="280 340 1477 1084">115.213 (a) Based on policy 14-2 CC, pages 7 & 8, section D, the agency has developed and documented a staffing plan that provides for adequate levels of staffing and uses video monitoring to protect residents against sexual abuse. The agency took into consideration the physical layout of the facility, the composition of the recent population, the prevalence of substantiated and unsubstantiated incidents of sexual abuse, the number and placement of supervisory staff, programs occurring on a particular shift and the resources the facility has available to commit to ensure adequate staffing levels. The agency also considers generally accepted detention and correctional practices and any findings of inadequacy from federal investigative agencies, internal or external oversight bodies, any applicable state or local laws or regulations and any other relevant factors. When interviewed the Facility Director confirmed what is considered when assessing staffing levels. He stated, "Subsequent to the development of a safe plan for the deployment of staff, video cameras are placed throughout all CoreCivic facilities to supplement direct supervision and eliminate identified blind spots. Often in community corrections, the composition of the population includes both male and female residents. Staff rounds and the presence is adjusted accordingly. Each facility uses Incident Reviews to identify any contributing factors related to staffing."</p> <p data-bbox="280 1124 1477 1657">115.213 (b): The facility makes every effort to comply with the approved PREA staffing plan and documents and justifies any deviations. The current staffing plan was predicted on a population of 85 residents. The average daily population since the last PREA audit was 43 residents. The current PREA Staffing Plan allocates two Security Monitors on each of the three security shifts. In interview with the Administrative Coordinator she stated the plan requires 15 Monitors with eight of those Monitors must be males. If there is deviation to the staffing plan, the PREA Compliance Manager is responsible for notifying the PREA Coordinator and documenting and describing the deviation on the 5-1B, Notice to Administration in IRD. In interview with the Facility Director and in information provided on the Pre-Audit Questionnaire, in the past 12 months there were no deviations to the staffing plan. The Facility Director stated she reviews the shift schedules daily. BOP reviews staffing levels during audits and randomly may request staffing information.</p> <p data-bbox="280 1697 1477 2069">115.213 (c): The staffing plan is reviewed annually by the PREA Compliance Manager who completes an Annual PREA Staffing Plan Assessment (14-2I-CC) and forwards it to the Facility Director for review, who forwards it to the PREA Coordinator. This annual review also includes assessments of the policy, physical plant, and video monitoring systems. The PREA Coordinator forwards the 14-2I-CC to the Vice President, Community Corrections for his signature and approval of any recommendations made which would include changes to the policy and procedures, physical plant, video monitoring or the staffing plan. The last Annual PREA Staffing Plan Assessment completed on 4/6/22 was provided for review. There were no</p>

	<p>recommendations for changes to the established staffing plan. When interviewed, the PREA Coordinator stated, "Facilities review staffing plans annually, but if the mission of the facility or the contract changes, the PREA staffing plan is reviewed and adjusted as needed".</p>

115.215	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>115.215 (a): Based on review of policy 14-2 CC, pages 13-14, section J, cross-gender strip or cross-gender visual body cavity searches of residents shall not be conducted except in exigent circumstances. Residents are searched in accordance with the gender of the institution, or housing assignment in which they are assigned. As stated on page 13, section J-4 of policy 14-2 CC, strip searches are only authorized through the Residential Reentry Manager (RRM) and must be conducted by law enforcement or medical personnel. Facility staff are not authorized to conduct such searches must coordinate searches through the RRM and law enforcement personnel. In information provided on the Pre-Audit Questionnaire, in the past 12 months, there were no cross-gender strip or cross-gender visual body cavity searches of residents.</p> <p>115.215 (b): The agency does not permit cross-gender pat-down searches of female residents except in exigent circumstances. The James River Residential Reentry Center is an all-male facility; therefore, this provision of this standard is not applicable to this facility.</p> <p>115.215 (c): If cross-gender strip searches are performed, the searches will be documented in the 5-1 Incident Report using form 5-1B, Notice of Administration.</p> <p>115.215 (d): The facility has policies and procedures in place that enable residents to shower, perform bodily functions and change clothing without staff of the opposite gender viewing their breasts, buttocks or genitalia. Residents are informed they are to dress and change in the shower area only. Residents are also informed they must be fully clothed in their sleeping area and in all other areas of the facility. Verbal announcement upon arrival is required when an opposite gender staff enters a housing unit. Signs above entry to the dorms remind staff to make opposite gender announcements before entering (“Opposite Gender Must Announce Upon Entry”). The practice of opposite gender staff announcing their presence when they entered the housing units, and each dorm was observed during the site review of the facility. Residents interviewed confirmed announcements are made and shared they feel they have privacy when they shower, toilet and change clothing when opposite gender staff are in their dorm.</p> <p>115.215 (e): According to policy 14-2 CC, pages 14 & 15, section J-10, searches or physical examinations of transgender and intersex residents for the sole purpose of determining the resident’s genital status is prohibited. If the resident’s genital status is unknown, it may be determined during conversations with the resident, by reviewing the medical records, or, if necessary, by a medical examination conducted in private by a medical practitioner. In interview of random staff, they knew that this was prohibited by policy. At the time of the onsite audit visit, there were no transgender or intersex residents assigned to the James River Residential Reentry Center.</p>

	<p>115.215 (f): In addition to general training provided to all staff, staff receive training on how to conduct cross-gender pat searches and searches of transgender and intersex residents. BOP requires all residents be pat searched in accordance with their gender of the institution or housing assignment which they are assigned. Transgender and intersex residents may request an exception. The exception must be authorized by the Facility Director and clearly communicated to relevant staff through a memorandum. The Search Procedures curriculum was provided for review. Staff are trained on how to conduct pat searches, including searches of transgender and intersex residents, in a professional and respectful manner. Receipt of this training was verified through review of random staff training records and confirmed in interviews with staff who reported they receive training on search procedures annually. Random staff interviewed reported cross gender pat searches are not allowed.</p>

115.216	Residents with disabilities and residents who are limited English proficient
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>115.216 (a): Based on review of policy 14-2 CC, page 11, section H, residents are provided PREA education in formats accessible to all residents, including those who are deaf or hard of hearing, blind or have low vision, cognitive deficits or have limited reading skills. The facility will ensure information is effectively communicated orally if necessary. In interview with the Vice President, Core Services (agency head designee), he stated, "The CoreCivic corporate office provides assistance to facilities to enable them to locate potential vendors or agencies to provide support services for residents with disabilities. The agency maintains a comprehensive contract with the Language Line and some even have an MOU with organizations in the local communities to provide translation services when needed. TTY phones are provided, and arrangements are also made to assist those inmates/residents who are blind." Residents who are deaf or are hard of hearing have access to a TTY to relay PREA information to them or by written communication. The TTY is stored in the Control Office and is accessible to all staff. The Center for Sexual Assault Survivors also provides Sign Language interpretation. At the time of the audit, there was one resident who was blind. He reported during interview that PREA information was read to him.</p> <p>115.216 (b): The agency takes steps to ensure residents who are limited English proficient have access to all PREA information in a format they can understand. Residents receive a <i>CoreCivic PREA Prevent, Detect, Respond</i> brochure and a <i>Resident Handbook</i>, both available in both English and Spanish. A contract with Language Line Services is used for the translation of any languages. The Center for Sexual Assault Survivors provides translation for English/Spanish. At the time of the onsite audit visit, there was one LEP (Spanish) resident. When interviewed, the resident spoke English and did not need translation.</p> <p>115.216 (c): The agency prohibits use of resident interpreters, resident readers, or other types of resident assistants except in limited circumstances. Staff translators or Language Line Services are utilized to convey information to limited English proficient residents. From information provided on the Pre-Audit Questionnaire, in the past 12 months, there have been no instances where residents were used for this purpose. Random and specialized staff interviewed knew the agency prohibits using residents for this purpose.</p>

It also prohibits hiring or promoting anyone who has been convicted of engaging or attempting to engage in sexual activity in the community or who has been civilly or administratively adjudicated to engage in these activities. In interview with the Administrative Coordinator, she explained the agency’s process for conducting criminal background checks.</p> <p data-bbox="280 748 1481 904">115.217 (b): According to agency policy and in interview with the Administrative Coordinator, CoreCivic considers any incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor, who may have contact with residents.</p> <p data-bbox="280 945 1481 1352">115.217 (c): The agency requires that before hiring new employees a criminal background check be conducted. According to the Administrative Coordinator, NCIC criminal background checks are conducted by the Federal Bureau of Prisons Reentry Services Division. According to information provided on the Pre-Audit Questionnaire, in the past 12 months there were 11 employee criminal background checks conducted. An effort is made to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse. The PREA Questionnaire for Prior Institutional Employers (3-20-2B) is used to solicit prior employment information.</p> <p data-bbox="280 1393 1437 1592">115.217 (d): CoreCivic performs criminal background checks before enlisting the services of any unescorted contractor who may have contact with residents. The <i>Self-Declaration of Sexual Abuse/Sexual Harassment</i> form (14-2H-CC) is completed as part of the hiring process, when an employee is being considered for a promotion and annually. Employees have a continuing affirmative duty to disclose any sexual misconduct.</p>

The review of eight employee human resource files, revealed employees are not completing the 14-2H-CC forms annually. The Administrative Coordinator was not aware the 14-2H-CC form is required to be completed annually; therefore, the facility did not meet compliance to this provision of this standard and entered into a 60-day corrective action period. The recommended corrective action to achieve compliance to provision 115.217(f) is as follows:

Recommended Corrective Action Plan:

- The Administrative Coordinator is to ensure all current employees and contractors complete a Self-Declaration of Sexual Abuse/Sexual Harassment (14-2H-CC) form.
- Once completed, forward a current roster of employees and contractors and copies of completed 14-2H-CC forms for all employees and contractors.
- The Administrative Coordinator is to establish a process of when 14-2H-CC forms will be completed annually and ensure completion as part of the hiring process and when an employee is being considered for a promotion.

Corrective Action Taken:

- The facility provided a current roster of employees and contractors. Current employees total twenty and contractors eight.
- The Administrative Coordinator provide copies of 14-2H forms for all employees, with the exception of one employee who is on administrative leave and 14-2H forms for all contractors.
- On 2/27/23, the Administrative Coordinator via e-mail communication stated moving forward, "The 14-2H-CC forms are being completed during pre-hire, in-service, when an employee is promoted to another position, as well as annually, in January of each year".

In review of the documentation provided, the facility was found to achieve compliance to provision 115.217 (f) and all provisions of standard 115.217.

115.217 (g): Material omissions regarding sexual misconduct or giving false information are grounds for termination.

115.217 (h): Unless prohibited by law, the agency shall provide information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer that the employee has applied for work. The Administrative Coordinator reported in the past 12 months she has not received any requests for information on former employees.

In interview with the Vice President, Core Services (agency head designee) he stated "CoreCivic employs architects and other professionals who through experience, research and consulting have knowledge of the issues and needs presented by PREA. On new builds and renovations, the design staff will consult with the PREA Coordinator for recommendations and work to ensure that PREA is addressed. Real estate and design staff receive information from the field on privacy concerns in areas such as showers, restrooms, and any areas where inmate/residents may be in the state of undress. Better quality systems have been installed and consideration to optimal coverage is addressed at the time of these upgrades. Camera placement also takes into consideration the privacy needs for cross gender viewing in areas like restrooms and shower areas. Technology is also discussed with the facility during the PREA Staffing Plan Assessment that is reviewed each year by facility staff and the FSC PREA Coordinator." The terms of the MOU provide forensic exams for resident victims of sexual abuse. A Forensic Nurse Examiner from the Medical Center was contacted on 11/2/22. She reported a SANE exam would be performed in the Emergency Room of the Riverside Regional Medical Center. A victim advocate from the Center of Sexual Assault Survivors would be contacted to accompany the victim through the SANE exam. Following the SANE exam, evidence collected would be given to the Newport News Police Department. Victims of sexual abuse would be given STD prophylaxis and a seven-day course of antibiotic medication. If there are breaks in the skin or if there were multiple assailants, HIV medications would be prescribed. There is no cost to the victim for any services provided. On information provided on the Pre-Audit Questionnaire, there have been no forensic exams conducted in the past 12 months. This information was confirmed in interview with the Forensic Nurse Examiner from the Riverside Regional Medical Center.</p> <p>115.221 (d): The agency/facility entered into an MOU with the Center for Sexual Assault Survivors on 4/21/22. In interview with the agency's PREA Coordinator he stated, "Each community corrections facility attempts to enter in an MOU with a local rape crisis center or other community agency to provide an advocate. In addition to the MOU. the MOU with local law enforcement ensures that the crisis center or hospital advocate have access to the resident." The Executive Director of the Center for Sexual Assault Survivors was contacted on 11/2/22 to confirm and review the terms of the MOU. The Center for Sexual Assault Survivors provide</p>

emotional support services to the residents of the James River Residential Reentry Center. The services include individual and group counseling, legal advocacy and a 24/7 support hotline. Calls to the hotline are answered by staff advocates, counselors or volunteers. Advocates provide victim advocacy services to accompany a victim through the forensic exam process. Because of COVID restrictions, advocates have not been allowed, but consideration is being given to once again allow advocates to be present. Besides the Director, the Center for Sexual Assault Survivors staff includes an Advocate, two Counselors, a Program Manager, and a Volunteer Coordinator. Volunteers receive 40 hours of training annually. Callers are informed of the limits of confidentiality and the agency's duty to report as mandatory reporters if an incident involves a child or an elderly adult.

If a resident calls the hotline and reports sexual abuse that alleged to have occurred at the James River facility, at a previous facility or in the community, the caller would be encouraged to report this information to the facility or to law enforcement. The Center offers short-term follow-up services either over the phone or they may come to the Center. If long-term services are required, referrals are made to community psychiatrists, counselors or medical facilities.

115.221 (e): As requested by the victim, an advocate from the Center for Sexual Assault Survivors would be called upon to accompany the victim through the forensic exam process.

115.221 (f): The Facility Director/PREA Compliance Manager is the facility's trained investigator and is responsible for conducting administrative investigations of allegations of sexual abuse and sexual harassment. Criminal investigations are conducted by the Newport News Police Department. The facility's attempts to secure an MOU with the Newport News Police Department has been unsuccessful.

Absent of an MOU, the Newport News Police Department is responsible for criminal investigations of sexual abuse at the James River Residential Reentry Center. On 11/10/22 a Sergeant from the Special Crimes Unit of the Newport News Police Department was contacted to discuss the procedures for criminal investigations of sexual abuse involving residents or staff of the James River Residential Reentry Center. In the event of sexual abuse, the Dispatch Center would dispatch a Patrolman to the facility to interview the alleged victim and prepare a police report.

A Detective would be assigned to conduct the investigation. If a SANE exam is conducted at the local hospital, the evidence would be stored in the Police Department's Property and Evidence unit. If the criminal investigation proved to be criminal, the Detective would consult and review the findings of the criminal investigation with the Commonwealth of Virginia's attorneys before any charges would be made. The District Attorney of the Commonwealth of Virginia would make the decision to prosecute. The facility could request a copy of the Police Department's criminal investigation report from the agency's Record Department.

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>115.231 (a): Policy 14-2 CC, pages 5 & 6, section C-1-3, addresses the agency’s requirements of employee training. All CoreCivic employees receive training on the agency’s zero-tolerance policy (14-2 CC) for sexual abuse and sexual harassment at pre-service and annually at in-service. The <i>PREA Overview</i> curriculum was provided for review. The training, completed by employees during pre-service and annually in in-service training, was found to include information on the agency’s zero-tolerance policy for sexual abuse and sexual harassment, how to fulfill their responsibilities, the residents’ right to be free from sexual abuse and sexual harassment, the rights of residents and staff to be free from retaliation, the dynamics of sexual abuse in a confinement setting, the common reactions of victims, how to detect and respond to signs of threatened sexual abuse, signs of predatory behavior, how to avoid inappropriate relationships with residents, how to communicate effectively and professionally with LGBTI residents and how to comply with relevant mandatory reporting laws.</p> <p>115.231 (b): The training is tailored to meet the needs of male and female residents. Employees who are reassigned from facilities housing only one gender of residents are given additional training to meet the needs of the opposite gender population. Between trainings, employees are provided with ongoing PREA information in staff meetings.</p> <p>115.231 (c): In information provided on the Pre-Audit Questionnaire, In the past 12 months, all assigned employees of the James River Residential Reentry Center completed PREA training. In interview with the Learning and Development Manager, he shared that all training is completed by November 30th each year. Annual training is instructor lead. Employees are also required to complete some online training courses.</p> <p>115.231 (d): Employees are required to sign a <i>CoreCivic PREA Policy Acknowledgement and/or Training Acknowledgement</i> form (14-2A-CC) acknowledging they have reviewed agency policy 14-2 CC and have completed and understood the PREA training provided. Employee PREA training is conducted by the Learning and Development Manager or sometimes by CoreCivic’s corporate Learning and Development Manager for community corrections. In information received from staff, 2022 PREA training was held in August facilitated by CoreCivic’s corporate Learning and Development Manager for community corrections. Eight employee files selected were reviewed to determine compliance with PREA training requirements. Employees and contractors are required to sign a 14-2A-CC form upon completion of PREA training as stated in agency policy 14-2 CC, page 6, section C-3. According to provision (d) of standard 115.231, “The agency shall document, through employee signature or electronic verification, that employees understand the training they received”. In review of employee files, the majority of</p>

the required 14-2A-CC forms were not found in employee files. Due to this finding the facility did not meet compliance to provision (d) of standard 115.231 and therefore, entered into a 60-day corrective action period.

Recommended Corrective Action:

- The facility to provide a current employee roster.
- The Learning and Development Manager is to ensure all current employees sign a 14-2A-CC form acknowledging receiving PREA training in 2022.
- Send copies of the 14-2A-CC forms to me and to the PREA Coordinator
- Ensure moving forward, upon completion of PREA training, 14-2A-CC forms are signed and maintained by the facility.

Corrective Action Taken:

During the Post-Audit Phase, the Director, PREA Compliance and Investigations communicated with the agency's Manager of Business Unit Training regarding the facility's non-compliance to provision 115.231 (d) of this standard. The Manager of Business Unit Training confirmed through email that all employees of the James River Residential Reentry Center completed in-person PREA training facilitated by her in 2022, but 14-2A-CC, *CoreCivic PREA Policy Acknowledgement and/or Training Acknowledgement* forms were not signed by employees following completion of the training. She shared that moving forward, all training for BOP facilities beginning this year will be online only. The online training program has an acknowledgement form attached and training does not show complete until the employee checks off that they understand the training. It was determined that is would not be necessary for employees to sign 14-2A-CC forms for PREA training in 2022 as stated in the Recommended Corrective Action, second bullet. Due to information from the agency's Manager of Business Unit Training, it was determined the facility achieved compliance to all provisions of standard 115.231.

Employees interviewed acknowledged receiving PREA training and were knowledgeable of the zero-tolerance policy and of their responsibilities related to the prevention, detection and response to sexual abuse and sexual harassment.

The James River Residential Reentry Center has eight contractors and does not utilize the services of volunteers.</p> <p>115.232 (b): The level and type of training provided to contractors and volunteers is based on the services they provide. Per policy and standard requirements, all contractors and volunteers who have contact with residents are notified of the agency’s zero-tolerance policy regarding sexual abuse and sexual harassment and informed of how to report such incidents. The <i>PREA Overview: Training for Contractors and Volunteers</i> curriculum was provided for review.</p> <p>115.232 (c): Contractors sign a <i>CoreCivic PREA Policy Acknowledgement and/or Training Acknowledgement</i> form (14-2A-CC) confirming they received and understood the training they received. In interview with three contractors, they confirmed receiving PREA training. In review of training records of four contractors, 14-2A-CC forms were found to be maintained in their training records.</p>

- Forty-one *PREA Acknowledgement Zero Tolerance Acknowledgements for Offenders (115.233)* forms were forwarded for my review.
- The intake dates were verified on the *PREA Completion* report for each resident, as well as the date the resident signed the *PREA Acknowledgement Zero Tolerance Acknowledgements for Offenders (115.233)* form.

Documentation provided showed residents are acknowledging receipt and understanding of the PREA information provided to them at intake by their signature on the *PREA Acknowledgement Zero Tolerance Acknowledgements for Offenders (115.233)* form. In review of the above documentation provided by the facility, the facility was found to achieve compliance to provision 115.233 (d) and all provisions of this standard.

115.233 (e): In addition to providing PREA education to all residents upon intake, PREA information is posted in numerous locations throughout the facility in English and Spanish providing ongoing PREA information continuously available to residents.
